## REASONS TO RUN

Over 50% of the population is 16 years old and younger. Many of these children live in abject poverty. In Lusaka, the capital city, there are no parks or safe recreational areas. Children must resort to playing in garbage heaps, cholera infested waterholes and other dirty places where space is available.

Action Zambia (AZ) needs your help in addressing this issue. AZ has been blessed with a 22 acre piece of land (Known as Ciyanjano) on the outskirts of Lusaka, that is currently being developed to meet the needs of these children. When complete, there will be a safe place for over 200 children to participate in sports and recreational activities. Our hope is that through the use of recreation, we will have the opportunity to develop key life skills (Integrity, Discipline, Honesty, Teamwork, etc...)

In order to make this a reality, we need your help. Action Zambia has invited individuals from the States to come and run in the Victoria Falls Marathon. These participants have agreed to raise funds for the development of the Ciyanjano property. By sponsoring them, you are helping us provide for the futures of many underprivileged children in Zambia. Send in your pledge today!
